REPORT OF SELECTMEN

At their 1972 Town Meeting the people of Harrisville voted not to renew their agreement which permitted Nelson residents to use the Harrisville dump. We were unable to find anywhere in Nelson a site for the dump. In August we made a year's agreement with Mr. Bergeron, the owner of the land used by the City of Keene, to use his dump. That contract expires in July 31, 1973.

This year the Selectmen decided to use some of the TRA money to widen the road from the East Sullivan line to the Apple Hill Music Camp. We also had to reopen and repair the road from the Teppema property to the property bought by Mr. and Mrs. Russell Thomas. This occurred after the Town Meeting of 1972. This unexpected expense meant that we had to curtail some of our planned roadwork.

This year, at the strong urging of the New Hampshire State Tax Commission, we increased the assessed value on land and lake and pond shore frontages. The following notice was included in each taxpayer's bill:

For some years land in Nelson has been selling at much higher prices than its assessed valuation. This has resulted in severe penalties by the State Tax Commission i.e. 69% evaluation in 1971 vs. 100% valuation voted by the Town at the 1967 Town Meeting.

This year, at the strong request of the New Hampshire State Tax Commission, the following changes were made:

	Assessed Value 1971	Assessed Value 1972
Land assessment	\$15.00 per acre	\$50.00 per acre
Shore frontage on Granite, Nubanusit, and Silver Lakes	\$30.00 per foot	\$60.00 per foot
Center and Tolman Ponds	\$5.00 per foot	\$10.00 per foot
Spoonwood	\$2.50 per foot	\$5.00 per foot

Miss Katherine Upton resigned as the Town Librarian, and Mrs. Roger Packard accepted the position. We are grateful to both of them for the care they have given the Library.

We were saddened in 1972 by the death of three residents: Mrs. George Curtis (Mabel to all who knew her); Mrs. Robert Hatch who had been a faithful trustee of the Library; and Mr. Vincent Battinelli who moved to Nelson several years ago.

The Selectmen would like to thank all the other Town Officers who have worked long and hard with very small pay for their services. And for all those who have served on committees or who have otherwise spent their time and energy on Town business, we say "thank you."

Respectfully submitted,

SARAH S. SKINNER
MAURICE W. COLLINS, JR.

DOROTHY M. FRENCH,
Treasurer, Library Trustees

REPORT OF THE LIBRARIAN

On July 1, 1972, I started my job as Librarian and have found this to be very rewarding and enjoyable. I wish to take this opportunity to thank those who helped get me started. Katherine Upton was most helpful in familiarizing me with the job before she left her duties in June. My thanks to the Trustees who were always available to pick out books when the Bookmobile came and to help me shelve them after; to Carol Steuart who was there to answer my many questions, and Frances Tolman, who kept busy writing letters of thanks to those who gave books to the Library. My very special thanks to Dorothy and Winston French who have been the most helpful of all in my times of need, and to my assistant, Vera Balch who has helped to get many of our books catalogued and in circulation. We have put fifty-five books in circulation since July.

In April there was an Open House in celebration of National Library Week. About forty people attended.

During the summer a reading program was held every Monday morning for the children. The older children also took part in a reading program whereby every book read brought them closer to the Moon and back home.

The summer also brought us many visitors, especially on the nights of the Monadnock Music Concerts. We had visitors from Connecticut, Pennsylvania, Brooklyn, New York, Ohio, and Massachusetts, as well as parts of New Hampshire.

The flagstone walkway was put in, in memory of Elizabeth Hatch, and a memorial plaque was placed on the Library near the walkway.

I completed a course given for Librarians at Keene State on reference materials, and have also attended the Book Meetings held at the District Office in Keene every two months.

Carol Steuart, Marion Bingham, Sandra Brown, and Dorothy French have been most faithful in taking books to the school every two weeks. A total of 1,471 books were taken to grades one through six. To celebrate National Book Week in November, the children portrayed a character they read about by dressing the part and reporting to the class on the book read. Refreshments were served after.

I wish to thank the Conservation Committee for their gift of eleven books on Ecology. Also my thanks again to the people who have given books to the Library.

Since May, the Librarian has carried books to three of the ladies in the Town. It has been a joy to meet these ladies and keep them supplied with books. If I may provide this service to anyone else in town, please let me know.

Displays have been put up in the Library each month, and ideas from the children are always welcome.

The Bookmobile made three visits and left 1845 books. We also received 62 books on inter-library loan from the State Library in Concord and the District Office in Keene.

In closing, I would like to add that the Library is open Saturday A.M. 10-12, and Wednesday nights, 6:30-8:30. Please come in for a visit, and let me know what you would enjoy reading. I am most anxious to add new books to the Library but I need to know what you enjoy reading and most important, if the books will be read. Also, keep in mind, if we don't have a certain book, I can get it from the State Library.

Looking forward to meeting you in '73:

Respectfully submitted,

PATRICIA PACKARD,

Librarian

—Expenses—

Cemetery maintenance problems of 1972 have been somewhat greater than average and largely due to weather and frost conditions.

The Revolutionary Soldiers' monument of fieldstone was much damaged by ice. This required considerable masonry work and waterproofing of its top to prevent further erosion. Several trees were either blown down or broken off by severe windstorms which required cutting and removal. Many stone lot markers were either pushed over or badly tilted by ground frost. These required extensive repair. Also the extremely wet summer meant more frequent mowing in addition to the usual work of brush cutting, removal of leaves, and the application of loam where rock had been removed.

Total expenses include the cost of labor, rental equipment and materials.

REPORT OF THE POLICE DEPARTMENT

The year just passed has again been an active and busy one for the members of this department.

It will be noted that the incidence of complaints relative to breaking and entering have decreased over the past years; whether this is due to the increased patrols in the area by the department and the State Police or because of the increased vigilance of residents is not known; we hope this pattern will continue.

As always reports by residents of unusual activity or suspicious actions by strangers in the area will be most helpful. Identification by description of vehicles with registration plate information serves to aid in the apprehension of subjects suspected of committing a crime.

It would be difficult for this department to operate without the assistance of other law enforcement agencies; and special thanks are due the State Police, Sheriff's Dept., Keene Police Dept., and the Mutual Aid Center.

Your Police Officer attended an eight week course sponsored by the Sheriff's Dept., at which lectures were given by the F.B.I., U. S. Army, and local law enforcement officials.

The monitors, whose purchase was approved at last Town Meeting, have been ordered and will afford car to car communication with all State Police cruisers in the area; these will be installed shortly.

REPORT OF THE HEALTH OFFICER

In the past year there were five dog bites reported, which were checked and proper measures taken. One squirrel, suspected of having rabies was taken to Concord with negative results.

By closely working with the State we have tried to set up an extensive Water Pollution Control Program. The past year we have checked Granite Lake, Silver Lake and streams. In August the Town purchased a Coli-Count Water Tester which gives the bacteria count in a few hours. This year I hope to get all the ponds and streams tested. The tester is also available for anyone wishing their own water tested.

Respectfully submitted,

BRADLEY C. PRATT, SR.,
Health Officer

REPORT OF THE NELSON FIRE DEPARTMENT

Although we had very few fires in Nelson this past year, your fire department has been busy. A three day training session for fire officers was attended in Laconia. The annual fire training school at Meadowood was also attended by several officers and men of the Nelson Fire Department.

These training sessions were taught under actual fire conditions using our own equipment. The Keene Fire Department furnished a fire truck to stand by at our fire station while we were engaged in the above training.

Your department now has 500 feet of 4 inch hose. Several practice sessions have been held to familiarize the members with its use.

Six members have successfully completed their heavy duty equipment operators test and licenses have have been issued to them.

Your continued support of this department is very much appreciated.

Respectfully submitted,

R. G. HUBER,

Chief

REPORT OF NELSON CONSERVATION COMMISSION

The Commission's work since March 1972 was concerned with completing the volunteer-taught environmental course at the Munsonville School, continuing to collect survey maps of land within the Town, preparatory to making an official map of the Town, assisting with the Granite Lake Basin Study, and preparing methods of disseminating the information obtained from the soil study due to be completed by the U.S.D.A. by the spring of 1973.

The Commission's survey of parents indicated satisfaction with the program of environmental studies. Eight 5th and 6th graders spent four days at Camp Union in Greenfield, N. H. in advanced nature study the latter half of May. Their progress and that of the other pupils was demonstrated in an Eco-Expo held at the school on June 15th and viewed by many parents and other townspeople. A great debt of gratitude is owed to Cornelia Iselin, Gail Tatham and Karen Tolman for the many hours they devoted to this work.

This past fall, these volunteers being otherwise engaged, the Commission secured the services of John Kulish of Hancock for one day a month at the school. The Commission donated 11 books on nature study to the Olivia Rodham Library.

The Commission is being urged by Conservation Commissions in neighboring towns to concert efforts to meet the growing needs for cooperative waste disposal, protection of wetlands and lakes and training of youth in environmental matters.

ADMINISTRATORS' REPORT

1972-1973

The quality of education offered the students at the Munsonville School continues to be most desirable. Reports from Keene Junior High School and Keene Senior High School indicate that Nelson students are performing up to expectations.

We continue our efforts to assure a program of instruction at Munsonville School which will provide our students with similar experiences and backgrounds as those of other elementary school students as they enter the Keene Junior High School. The program developed by a citizens' group relating to the study of ecology was well received by the students and made a real contribution to their education. The art program offered by Mrs. Tolman to our students has been a positive experience. The new program in music will be evaluated as the activity continues. We are grateful to the personnel at the Public Library for the assistance provided in exposing our pupils to the services of the Public Library. The services of our Resource Aide, provided jointly by the District and Federal funding, are making an impact and will continue to do so. New directions for math instruction (an individualized approach) will continue to be explored and implemented.

In summary, the program of instruction at the school is and must be constantly evaluated and updated to provide realistic educational experiences to the students within the limitations of space and tax dollars.

A report submitted to the State Department of Education relating to the Minimum Standards for New Hampshire Elementary Schools indicated the following would be needed for full compliance with the Minimum Standards:

1. To upgrade library services.
2. To strengthen our health curriculum.

3. Part-time instructors in art, physical education, and guidance.
4. Program for those students with learning disabilities.

The School District has provided a part-time person to assist those students with learning problems. It has begun its program of upgrading library services by providing additional funds for library and media materials.

The School Board has committed itself to an annual review of the needs of the school and to present its priorities to the District via its annual budget. It is possible, as we look ahead, that several Districts might well combine to employ some of the specialists suggested by the Minimum Standards.

The A.R.E.A. Plan for Grades Seven and Eight has been prepared by the Planning Committee and will be in the Warrant for your consideration at the District Meeting. The proposed plan will provide the Nelson School District with a guarantee that there will be educational space provided for the students from Nelson and that the educational program offered will be at least at the level of educational standards of the State of New Hampshire. The administrators urge your support of this plan.

The school building is maintained at a high level of efficiency. A competent professional staff is hard at work in providing a sound educational program and the pupils seem to be applying themselves to the task at hand and are relatively happy. Education is alive and well in Nelson, New Hampshire.

REPORT OF THE MUNSONVILLE PRE-SCHOOL ASSOCIATION

For the Year 1971-1972

The Munsonville Pre-School was granted its license to operate for the school year 1971-1972 and began classes October 4. Classes were held Mondays, Tuesdays and Wednesdays from 9:00 to 12:00 noon. The Pre-School observes the same vacations and days off as the Munsonville School. Classes concluded with the graduation June 9.

The Pre-School holds classes in the Munsonville Methodist Church, paying the church for a share of the heat and electricity.

Tuition was kept as low as possible in order to make Pre-School available to all Nelson Pre-School age children: \$3.00 per month for four year olds who attended once a week and \$7.00 per month for five year olds who attended three times a week. Children from Stoddard and Sullivan have been accepted, when space allowed, to add additional tuition income.

In order to meet expenses it was necessary for the Association to supplement the tuition through money raising projects held throughout the year, and it gratefully accepted private donations and the \$100.00 voted by the Town at Town Meeting. This money is used to improve classroom supplies and for operating expenses which include the teacher's salary, heating, electricity and general expenses.

Respectfully submitted,

SUSAN WEST, President
JUDY COUGHLIN, Vice-President
CAROL NEIL, Secretary
CAROLYN SPRAGUE, Treasurer

Report of the Forest Fire Warden and District Chief

In New Hampshire, forest fire control is a cooperative State-town program. The Town Forest Fire Warden, appointed by the Director, Division of Resources Development upon recommendation of the Selectmen and the State's Division Forest Fire Chief is responsible for fire suppression and other related duties. The State shares equally with the town in the cost of most forest fires, except illegal and careless fires, which are charged to the responsible party. The State further provides fire detection services, prevention programs, fire training for town wardens and crews, and back up equipment for fire suppression.

By authority of the State, the Town Forest Fire Warden controls all outside burning in his town except backyard cooking fires. Any person wishing to kindle a fire when the ground is not covered with snow must obtain a fire permit, free of cost, from the Town Forest Fire Warden. No permits will be issued for fires between 9:00 A.M. and 5:00 P.M. unless it is raining, except for commercial purposes.

Please be careful when using fire, remember it can be an extremely useful tool when under control but once allowed to run wild it can become a disastrous and devastating force. Only you can prevent a forest fire.

Number of fires reported and acres burned — 1972 season:

STATE — 410 fires — 361 acres burned

DISTRICT — 30 fires — 26½ acres — 26 spot fires

TOWN — None
